

A Box plot illustrating the distribution of GDP Growth over the Years

### Nepal GDP Growth over Years

With the help of Box Plot we have confirmed that the outliers identified in scattered plot. Further if we observe these outliers in the line graph, they have caused biggest swings in the graph. In the line graph, we can observe the lowest values in year 2002, 2016 and 2020. On the other side we have seen highest value in 2017...
